

Prescott Center for the Arts

Your home for the Arts!

Your local
theater wants
YOU!

Come to the
Darkside . . .
of Theater!

Calling all techies including backstage crew, lighting, sound, costumes, makeup, set building, etc.

Ever wanted to experience the dark underbelly of theater, go behind-the-scenes, and discover who really runs the show? Well, you can get your start at Prescott Center for the Arts!

We need volunteers for everything from designing/running lights and sound for performances, helping run the show from backstage, designing, creating, and maintaining costumes, designing/painting sets, building set pieces, and much more.

If you have any skills in carpentry, sewing, painting, or technical design such as sound and lights, please reach out to us soon!

Stan Reed ♦ Technical Director ♦ tech@pca-az.net
